

4SD

Skills, Systems & Synergies for Sustainable Development

Realise your ability to influence and enable purposeful cooperation

Share your vision of an equitable future for people and planet

Discover how to embrace and navigate complexity, uncertainty, chaos and dilemmas

Become a leader of meaningful and enduring change

Develop relevant and effective ways to transform your challenges

**DIVE INTO THE
WORLD OF
SYSTEMS CHANGE**

Join a network of professionals to exchange similar experiences

Learn new ways to collaborate with others to tackle complex issues

Become more effective as a convenor, curator, enabler and mentor of the people in the complex systems in which you work

4SD
